

GALLEY EQUIPMENTS

Galley Support in Offshore Environments

Company introduction

· History

- 2025 09 HULE Electrical sole agency in South Korea.
- 03 CHANGZHOU Marine Cable sole agency in South Korea.
- 2024 12 Kaune sole agency in South Korea.
- 07 Astro sole agency in Marine Segment.
- B-15 class back box achieves BV Certification for fire protection.
- 2023 12 Registered vendor to KANGNAM Shipbuilding.
- 09 Registered vendor to MODEC.
- 08 Registered vendor to SEATRUM.
- 03 Establishment of Unit Toilet Factory.
- 2022 05 Registered vendor to HSG Sungdong Shipbuilding.
- 04 Acquired ISO 45001:2018 certification.
- Registered vendor to DAE SUN Shipbuilding & Engineering Co., Ltd.
- 02 Registered vendor to Hyundai Heavy Industries.
- 2021 09 Registered vendor to Zvezda Shipbuilding in Russia.
- 06 Development of GRP Ex Junction Box certification completed.
- 2020 Registered vendor to Hanjin Heavy Industries.
- 2019 10 Registered vendor to Hyundai Mipo Dockyard (HMD) Co., Ltd.
- 2014 06 Registered vendor to DAEWOO Shipbuilding & Marine Engineering Co., Ltd. -Low Location Light for H.3401
- 2013 10 Registered vendor to SAMSUNG Heavy Industries Co., Ltd.
- 2009 02 Established KME Co., Ltd.

Offshore Galley Equipment

KME Co., Ltd. provides essential galley equipment for ships sailing at sea. We prioritize the comfort and hygiene of crew members and passengers, offering durable galley equipment specially designed for offshore conditions such as limited space and constant vessel motion.

Product Overview

Galley equipment is designed to support the full range of onboard food and beverage operations, including cooking, cleaning, storage, and serving, playing a crucial role in providing crew members and passengers with stable meal and hospitality service throughout long voyages. It is essential equipment that enables efficient galley operation even with limited space and manpower.

Provided Equipment

ICE CREAM MAKERS

A countertop machine that freezes and churns ice cream mix into soft-serve or scooped ice cream, offering onboard dessert service.

OVENS

Combination or convection ovens built for shipboard galleys, providing stable baking and roasting performance despite vessel motion and limited space.

CONSERVATION

A refrigerated storage cabinet that keeps prepared food and ingredients at controlled temperatures, preserving freshness during long voyages.

CLEANING

Heavy-duty cleaning equipment for galley surfaces, cookware, and utensils, built with corrosion-resistant materials for constant offshore use.

Provided Equipment

DISPOSERS

A food waste disposer that grinds galley scraps for efficient, hygienic disposal in compliance with onboard waste management (MARPOL) requirements.

PROCESSING

Food processing equipment such as mixers, slicers, and choppers that speed up meal preparation for large crew and passenger volumes.

LAUNDRY

Offshore-grade washing and drying equipment engineered to handle continuous shipboard laundry operations with high efficiency.

IRONERS

A flatwork ironer that presses and finishes linens and uniforms efficiently, supporting large-scale laundry operations onboard.

Provided Equipment

ICE MAKERS

A compact ice maker that produces a steady supply of ice for food storage and beverage service, built to perform reliably in offshore conditions.

GRILLS

An offshore-grade grill built from corrosion-resistant stainless steel for safe, high-temperature cooking in the galley.

COFFEE MACHINES

A commercial-grade coffee machine that delivers consistent espresso and brewed coffee service for crew and passengers around the clock.

HOT DRINK DISPENSERS

A hot drink dispenser that keeps tea, coffee, or cocoa at serving temperature for quick, self-service beverage access.

Provided Equipment

BREAD TOASTERS

A high-throughput bread toaster designed for fast, consistent toasting during busy galley service hours.

WATER COOLERS

A water cooler that dispenses chilled drinking water, providing crew and passengers with a convenient, hygienic water supply.

BEVERAGE DISPENSERS

A beverage dispenser that keeps juices and cold drinks chilled and ready to serve, ideal for high-volume galley or mess room service.

REFRIGERATORS & ABSORPTION REFRIGERATORS

Silent absorption refrigerators that operate without a compressor, ideal for stable, low-vibration food and beverage storage onboard.

Provided Equipment

HOT CUPBOARDS

A hot cupboard that holds prepared meals at safe serving temperatures, ensuring food quality from galley to service line.

DISH WASHER

A commercial dishwasher built for high-volume, rapid cleaning and sanitizing of galley dishware, glassware, and utensils.

“

In addition, various other products are available.
These products are designed to respond quickly and flexibly to a wide range of onboard galley operations.

Equipment Features and Advantages

Reliability

Designed to meet strict maritime safety standards, offering reliable galley operation.

Convenience

Simple operation allows crew members to use it easily, ensuring immediate response during busy working hours.

Safety

Corrosion- and moisture-resistant materials with a stable structure minimize risks even in rolling sea conditions.

Variety

Offers customized galley solutions through a wide range of product options covering cooking, cleaning, storage, and serving.

Future-Oriented Vision

KME Co., Ltd. is committed to continuous research and development to improve safety and efficiency in the maritime industry.

Continuous Innovation

We will lead the advancement of the maritime industry by continuously developing new technologies and solutions.

Global Partnerships

Strengthening our global network to create value in various markets by collaborating with customers worldwide.

KME Co., Ltd.'s galley equipment is essential equipment for ensuring comfort and efficient operation on board. Choose KME's galley equipment for a comfortable and efficient voyage of your vessel.
